A fun, fresh, timely debut novel about the uproarious adventures that befall the Palacio family during their disastrous illegal residence in Trinidad that poignantly captures the complexities of dysfunctional families and passionate (but sometimes messy) romance. After fleeing crumbling, volatile Venezuela, Yola Palacio wants nothing more than to settle into a peaceful new life in Trinidad with her family. And who cares if they're there illegally—aren't most of the people on the island? But life for the Palacios is far from quiet—and when Yola's Aunt

Celia dies, the family once again find their lives turned upside down. For Celia had been keeping a very big secret—she owed a LOT of money to a local criminal called Ugly. And without the funds to pay him off, Ugly has the entire family do his bidding until Celia's debt is settled. What Ugly says, the Palacios do, otherwise the circumstances are too dreadful to imagine. To say that the year that follows is tumultuous for the Palacios is an understatement. But in the midst of the turmoil appears Roman—Ugly's distractingly gorgeous right-hand man. And although she knows it's terrible and quite possibly dangerous, Yola just can't help but give in to the attraction. Where, though, do Roman's loyalties lie? And could this wildly inappropriate romance just be the antidote to a terrible year of Ugly? Combining the spark of Imbolo Mbue with the irresistible wit of Maria Semple, *One Year of Ugly* brilliantly explores cross-cultural struggles and assimilation from a unique immigrant perspective and introduces us to an

extraordinary new voice in contemporary fiction. Organized to follow the textbook on a chapter-by-chapter basis, providing questions to help the student review the material presented in the chapter. This supplement is a consumable resource, designed with perforated pages so that a given chapter can be removed and turned in for grading or checking.
